

Invitation

18th FEIF Youth Camp – Hestheimar, 7-14 July 2019

Dear All,

the FEIF Youth Committee would like to invite young riders of the FEIF member countries to the 17th FEIF Youth Camp, which will be hosted by Iceland.

About the FEIF Youth Camp

FEIF Youth Camp is an international camp for young people who will TURN 14, 15, 16 or 17 years of age in the year of the FEIF Youth Camp. The camp is arranged every second year in one of the member countries of FEIF. The first FEIF Youth Camp happened in 1986.

The goal of the FEIF Youth Camp is to bring together young people from different countries. All should share a passion for the Icelandic horse, and the participants will also learn something of the horse culture(s) of the host nation. In order to take part in the FEIF Youth Camp, riders do not have to own (or bring) a horse, but they should be interested in Icelandics, and have some riding experience. Throughout the week a range of activities – with and without horses – is offered, aimed at fostering international friendship and raising standards of all aspects of horsemanship.

To achieve this, it is necessary that participants have a reasonable ability to communicate in English. Youth leaders are advised that they take the level of spoken English into account when selecting young people to participate.

The role of the Country Leader

All participants must be accompanied by a country leader who is able to speak their language, and who can also be able to communicate in good English. Country leaders are responsible for the general well-being of their charges, travel with their participants to and from the FEIF Youth Camp, and they are the link between the organisers and the parents. Country leaders are expected to know the medical and sporting abilities and limitations of their participants and will make sure that all participants take part in the total programme. Country leaders will sleep together with their teams and might also be called upon to help during the camp. For a FEIF Youth camp, one country leader can be responsible for participants of more than one country if (a) they speak the native language of all participants in their charge, and (b) if all arrangements have been cleared with the Youth representatives of the national associations concerned. In this case, FEIF needs to be notified which countries are collaborating, and who is responsible for the arrangements.

2019 – Welcome to Iceland

The FEIF Youth Camp takes place at the farm Hestheimar in the south of Iceland. During the week, there will be a range of different things to do: we will go riding and see some of the beautiful surroundings. Furthermore, at Hestheimar there are two hot tubs.

We will go by bus and see the Gullfoss waterfall and the 'original' Geysir, two of our most visited tourist destinations. We will also visit Friðheimar, a famous tomato farm and Efstidalur a farm hotel with a restaurant in a cow shed.

You will learn to speak some Icelandic words, and knit a hat from Icelandic wool lopi.

The programme will include:

- Horse riding
- Hiking
- Learn some Icelandic
- Icelandic saga
- Theoretical group work
- Go swimming
- Tour to Gullfoss, Geysir, Friðheimar and some other beautiful places
- and much more...

The participation fee for the FEIF Youth Camp is **€700**, this includes full board, transfers at the venue and covers all activities. (Country leader fee €350)

The organizers and helpers are very much looking forward to the FEIF Youth Camp. Thank you to Iceland for hosting the FEIF Camp, it will be a memorable week!
