- WorldRanking tournaments must meet all the demands of the FEIF Sport Rules and Regulations including the specific rules for World Ranking events in §S7. By applying for a WorldRanking tournament the FEIF member country agrees to these requirements.
- Failure to meet all conditions stated in S7 – Appendix 1 – WorldRanking may cause the results of a tournament to be rejected or a fine to be imposed by the FEIF Sport Committee.
- Results should be sent in to the FEIF Office immediately after each event according to the instructions provided to the WorldRanking Registrar listed above. If the results are not received within 21 days following the last day of the event, the event will no longer be listed and results will not be accepted. An event may be re-listed but will be assessed the original fee plus a “late entry” fee.
- The use of IceTest (“NG” or “classic”) is strongly recommended. Both software packages can prepare the correctly formatted results for submission to the WorldRanking. You’ll be informed in due time about the required results format in the event you choose not to use IceTest.
- Results of 5.5 or higher in preliminary rounds and times of at least 26.60” in P1, 16.50” in P3, and 8.70” in P2 are entered in the WorldRanking. For Pace Test (PP1) only results including two runs are valid.
- When sending in results the country’s WorldRanking Registrar confirms all tests have been performed and judged according to FEIF Sport Rules and Regulations and the additional WorldRanking rules.
- Financial contribution to be invoiced to the FEIF member association at the end of the year:
 - Normal Fee (events registered until March 1): **80€**
 - Late Fee (events registered after March 1 – including relisting of expired events): **160€**
- National rankings can be calculated and published based on a national list of events and using nation-specific rules for an extra fee. Contact the FEIF Office for details.
- Please return this form by email to the FEIF Office (office@feif.org).

* To be sent in by member associations only.
